National System Review

The Canadian credit union system's balance sheet remains strong heading into the second half of 2009. System assets, savings/deposits and loans all recorded solid gains in the first six months of this year, with both assets and deposits/savings expanding at a somewhat slightly faster pace than growth reported in the first quarter. Loan growth was comparable to first quarter.

Affiliated credit unions / caisses populaires across Canada reported system assets of \$117.1 billion, representing an increase of \$8 billion or 7.4 per cent. This is a 43 per cent increase or \$35.1 billion gain over the last five years.

Deposits/savings growth continues its upward trend from the previous quarter, with an annualized growth rate of 10.5 per cent. Deposits at credit unions reached \$106.3 billion at second quarter 2009, an increase of \$10.1 billion from a year ago.

The slowdown in loan growth appears to have levelled in second quarter as the 6.6 per cent annualized growth was comparable to growth reported at first quarter. Total loans at mid-year were reported at \$96.8 billion. Loans as a percentage of total deposits are currently at 91.1 per cent, down from the 94.4 per cent reported twelve months ago, a reflection of continued stronger growth in deposits over loans. Ten years ago loans represented 86.4 per cent of total deposits.

Quarterly Results

Affiliated Credit Unions

Consolidation continues in the system as the numbers of credit unions declined to 427 from 449 a year earlier.

Credit Union Locations

At the end of the first half of 2009, there were 1,733 locations reported by the Canadian credit union system. While the number of locations has been historically relatively stable, a sharp decline in second quarter of 2008 was reported. The majority of this decline is due to a change in the Deposit Insurance Corporation of Ontario's (DICO) reporting requirement for the Ontario system. To a lesser extent, a number of mergers in Saskatchewan earlier in 2008 also contributed to the decline in locations.

Member Statistics

Close to 5.1 million Canadians were members of an affiliated credit union or caisse populaire as of second quarter 2009.

Provincial System Review

Significant financial gains were recorded by many regions in each of the three main financial categories – assets, savings/deposits and loans. Credit unions in the Prairie provinces continue to experience stronger growth than most other areas of the country, albeit, in some instances, at a somewhat slower pace than the previous quarter. The Manitoba system maintained the substantial growth reported in first quarter in all three categories. The Newfoundland system also reported double-digit gains in two of the three financial categories, and similar to Manitoba, these annualized rates have been maintained since the previous quarter's results.

Credit union assets rose 10.3 per cent in Manitoba, followed closely behind by the Saskatchewan system at 10.2 per cent. After reporting double-digit growth during the last few quarters, both credit unions in Alberta and Newfoundland returned to single-digit annualized growth at second quarter (9.7% and 9.4%, respectively). The remaining provincial systems reported solid gains (P.E.I. (6.1%), Ontario (5.8%), B.C. (5.7%), Nova Scotia (5.7%), New Brunswick (4.6%), as well as Ontario caisses (4.4%).

Five of the ten provincial systems reported double-digit gains with respect to savings and deposit. Savings/deposits at Alberta credit unions increased by 12.1 per cent over second quarter 2008. Comparable gains were recorded in Manitoba (11.9%), B.C. (11.2%), Saskatchewan (11.1%) and Newfoundland (10%). Solid growth was posted by credit unions in Ontario (7.3%), P.E.I. (7.0%), New Brunswick (6.3%), Nova Scotia (6.1%), as well as Ontario caisses (4.7%).

Loan growth varied from region to region, with a high in Manitoba of 13.7 per cent and a low in B.C. of 3.0 per cent. In addition to Manitoba, Newfoundland (12.0%) also reported a sizeable increase. Credit unions in Saskatchewan (8.8%), Alberta (8.1%), Ontario (7.3%), Nova Scotia (6.7%) and New Brunswick (6.0%), as well as Ontario caisses (6.8%) all posted solid gains. Modest expansion was recorded by credit unions in both P.E.I. and B.C. (3.1% and 3.0%, respectively).

System Results is published quarterly by Credit Union Central of Canada. For editorial or general inquiries please contact:
